**Announcement Number:** 23-031

**Position:** Survey Team Member

As a CST CBRN NCO, you will play a critical role in responding to emergency situations.

**Key Responsibilities:**

- Respond to emergency calls within a 90-minute window, participating in at least 12 CBRN exercises and various NSSE's annually.
- Contribute actively to the development and delivery of the Survey Section's mission brief, assessing factors such as hazard information, wind conditions, safety protocols, testing procedures, and GO/NO-GO criteria.
- Execute operational mission tasks according to the Mission Essential Task List (METL) while wearing appropriate Personal Protective Equipment (PPE).
- Demonstrate dexterity skills while operating in PPE and navigate confined spaces.
- Perform regular maintenance on individual and section equipment as assigned.
- Identify warning placards and NATO contamination markers, reporting their usage accurately, proficiently cross and mark contaminated areas.
- Navigate through decontamination lines effectively; operate handheld CBRN detection and identification equipment adeptly.
- Collect chemical-biological samples for scientific analysis, ensuring accuracy and safety.
- Conduct rescues and transport injured personnel to safety, demonstrating both skill and compassion.
- Execute thorough site surveys within the designated operational area and communicate findings to higher command.
- Assume the responsibilities of the CBRN Team Chief in their absence, showcasing leadership skills and adaptability.
- Participate in training sessions focusing detection and sample collection technology as per the unit's schedule.
- Take on the role of Primary Instructor for assigned training events regularly, showcasing your expertise and dedication to the team's growth.
- Demonstrate proficiency in CBRN antidote administration, safe patient extraction, and crime scene/evidence preservation techniques.
- Monitor and adhere to the WMD-CST chain of custody procedures during sample transfer.
- Follow the National Institute for Occupational Safety and Health (NIOSH) guidelines **when responding to incidents, including the proper use of respiratory protection.**

**Qualifications:**
